## **Auckley Community Alcohol Partnerships Baseline Resident Survey 2019**

The Community Alcohol Partnership (CAP) is a partnership of agencies and licensees who are working together to tackle the issue of under-age drinking in your area. Part of the initiative will involve providing extra support to local licensees to help them resist attempts by minors to purchase alcohol.

We would like local residents to tell us what they think about their local area, and in particular about young people (under 18 years old) drinking in public places. Please copy and paste the link below into the address bar of your browser or follow the link on the Auckley Parish Council web page
